

Credit Repair Business Software

DisputeSuite.com provides the first all-in-one credit repair business software. With tons of powerful features, you are able to manage all key operations in a single suite.

Standard Edition gives you all the tools you need to manage your credit repair customers, generate dispute letters, and automate your credit repair business.

It is web-based so you don't need to download or install anything. All you need is a web browser and internet connection.

Customer Management

DisputeSuite is a multi-user software that gives your company a 360 degree view of each of your credit repair customers. This allows you to maintain knowledge of every customer and enables collaboration across your company. In addition, you will be building solid customer relationships.

Dispute Letter Editor

Sophisticated typography tools to create credit repair letter templates. Create your own letters and do all the basics including custom font, color, styling, and more. Easily paste existing letters into the editor. All original formatting will paste intact. When complete, store in letter library.

Credit Report Management

Eliminate paperwork with our 3-in-1 credit report system. Maintain up-to-date credit files for all of your customers. Input derogatory tradelines, collection accounts, public records and inquiries. Reports are color coded and easy to read. Reports are stored in 256-bit encryption, keeping your data safe.

Dispute Letter Library

Keep all your dispute letters in a central database. Store your own or access our library of hundreds of credit repair letters. Our letters are perfect for disputing late payments, judgments, civil claims, charge-offs, foreclosures, liens, repossessions, bankruptcies, settlements accepted, collections, and more.

Dispute Letter Automation

'Point-and-click' dispute letter creation allows you to generate customized dispute letters by selecting items directly from the customer's credit reports. Create tailored letters for each customer in minutes.

Sales & Lead Management

Drive sales performance by allowing sales reps to track, share and manage leads. Track prospects and seamlessly route qualified leads to the right people, so sales reps get instant access to the latest prospects, and leads are never dropped or lost. Easily convert prospects to customers, never re-enter data.

Dispute Management

Keep track of customers dispute letters. A built-in tracking calendar shows important dates and statuses. The Dispute Tracker allows the recording of dispute results. You can mark accounts as verified, deleted, corrected and more.
